Maybe we discussed, but the attached permit has to go with the driver when he picks up our Chem Waste roll-offs (for the last time).

Gordon,
Here is the profile approval. Can you send me copies of the Fish bioassays?

Thank you,

Kristin,

A couple of weeks ago I faxed you a request for a profile approval (Boeing profile # DC00047). I just wanted to make sure you received it and that it is in the approval process, and is there an estimate of when it might be available to us? It was for uncured composite material meeting WA State Special Waste requirements.

Kristen,

I need to fax you a profile approval request for one of the Boeing sites. Could you send me your contact information, including fax number? Thanks.....
